

Lab 4: Assignment

Objective:

Develop advanced document creation skills in Microsoft Word by designing a well-structured, multi-section report on "**The Role of Artificial Intelligence in Modern Business.**"

Instructions:

Create a **comprehensive report** following the steps below. Your document should demonstrate proficiency in formatting, styling, and advanced document features.

Step 1: Document Setup

- Open a new Microsoft Word document.
- Set the **page margins** to **0.75 inches** on all sides.
- Set the page orientation to **Portrait** for the main content but create a **Landscape orientation** section for the tables (See Step 8).
- Set the **document font** to **Georgia, 12 pt** for body text throughout.

Step 2: Title Page

- Create a **Title Page** with the following elements:
 - Document Title: "**The Role of Artificial Intelligence in Modern Business**"
 - Font: **Georgia, 18 pt, Bold, Centered.**
 - Subtitle: "**An In-depth Report on AI's Impact Across Industries**"
 - Font: **Georgia, 16 pt, Italic, Centered.**
 - Your Name, Course, and Date: **12 pt**, centered below the subtitle.

Step 3: Table of Contents

- Insert a **Table of Contents** on the second page.
 - Use Word's built-in Table of Contents feature.
 - Ensure that each section and subsection in the report is properly linked (use Heading Styles).

Step 4: Body Text and Headings

- Write a minimum of **600 words** organized into the following sections:
 1. **Introduction to Artificial Intelligence**
 2. **AI in Business Applications**
 - **Subsection 1:** Marketing
 - **Subsection 2:** Finance
 - **Subsection 3:** Operations
 3. **Ethical Considerations in AI Adoption**
 4. **Future Outlook of AI in Business**
- Format the headings:
 - **Heading 1** for main sections (e.g., "Introduction to Artificial Intelligence").

- **Heading 2** for subsections (e.g., "AI in Marketing").
- The body text should:
 - Be **justified**.
 - Include at least **two footnotes** to cite sources or provide additional information.
 - Use a **line spacing** of **1.15**.
 - Indent the first line of each paragraph by **0.5 inches**.

Step 5: Styles and Themes

- Apply a **Custom Style Set** to the entire document:
 - Modify the styles for **Normal**, **Heading 1**, and **Heading 2** to match your preferred color and font size.
 - Ensure consistency across all headings and subheadings.

Step 6: Cross-Referencing and Hyperlinks

- Use the **Cross-Reference** feature to refer to the **Table of Contents** or other sections within your document.
 - Include at least one cross-reference in each section to another part of the report.
- Insert **hyperlinks** to external articles or websites related to AI (at least 2 hyperlinks).

Step 7: Inserting Charts and Captions

- In the "AI in Business Applications" section, create a **Chart** (using Microsoft Word's chart tool) showing data related to the adoption of AI across different industries.
 - Add a **caption** under the chart with the text: "Figure 1: AI Adoption Rates Across Industries."
 - Ensure the chart is titled and labeled correctly.

Step 8: Tables and Section Breaks

- Insert a **section break** and create a **new section in Landscape orientation**.
 - Insert a **table** comparing at least three AI technologies and their applications in different business functions.
 - Use a **Table Style** and ensure the table is labeled as **Table 1** with a caption above the table.

Step 9: Headers, Footers, and Page Numbers

- Add a **custom header** on all pages except the Title Page:
 - Include your **name** and the document title, aligned to the right.
- Add **page numbers**:
 - Start numbering from the **third page** (i.e., the page after the Table of Contents) using **Roman numerals** (i, ii, iii, etc.) for the Table of Contents.
 - Switch to **Arabic numerals** (1, 2, 3, etc.) from the main report.

Step 10: Citations and Bibliography

- Use **footnotes** to reference sources within the document (minimum of two).
- At the end of the document, insert a **Bibliography** or **References** section, formatted in APA style.
 - Include at least **three** sources.

Step 11: Appendix

- Create an **Appendix** at the end of the document, after the bibliography.
 - Include one page of additional resources or links related to AI in business.
 - Ensure this is linked from the **Table of Contents**.

Submission:

- Save the document as "**AI_Business_Report_[Your Name].docx**".
- Submit the document by uploading it to the course portal.
