

BUSINESS MODELS

BUSINESS MODEL

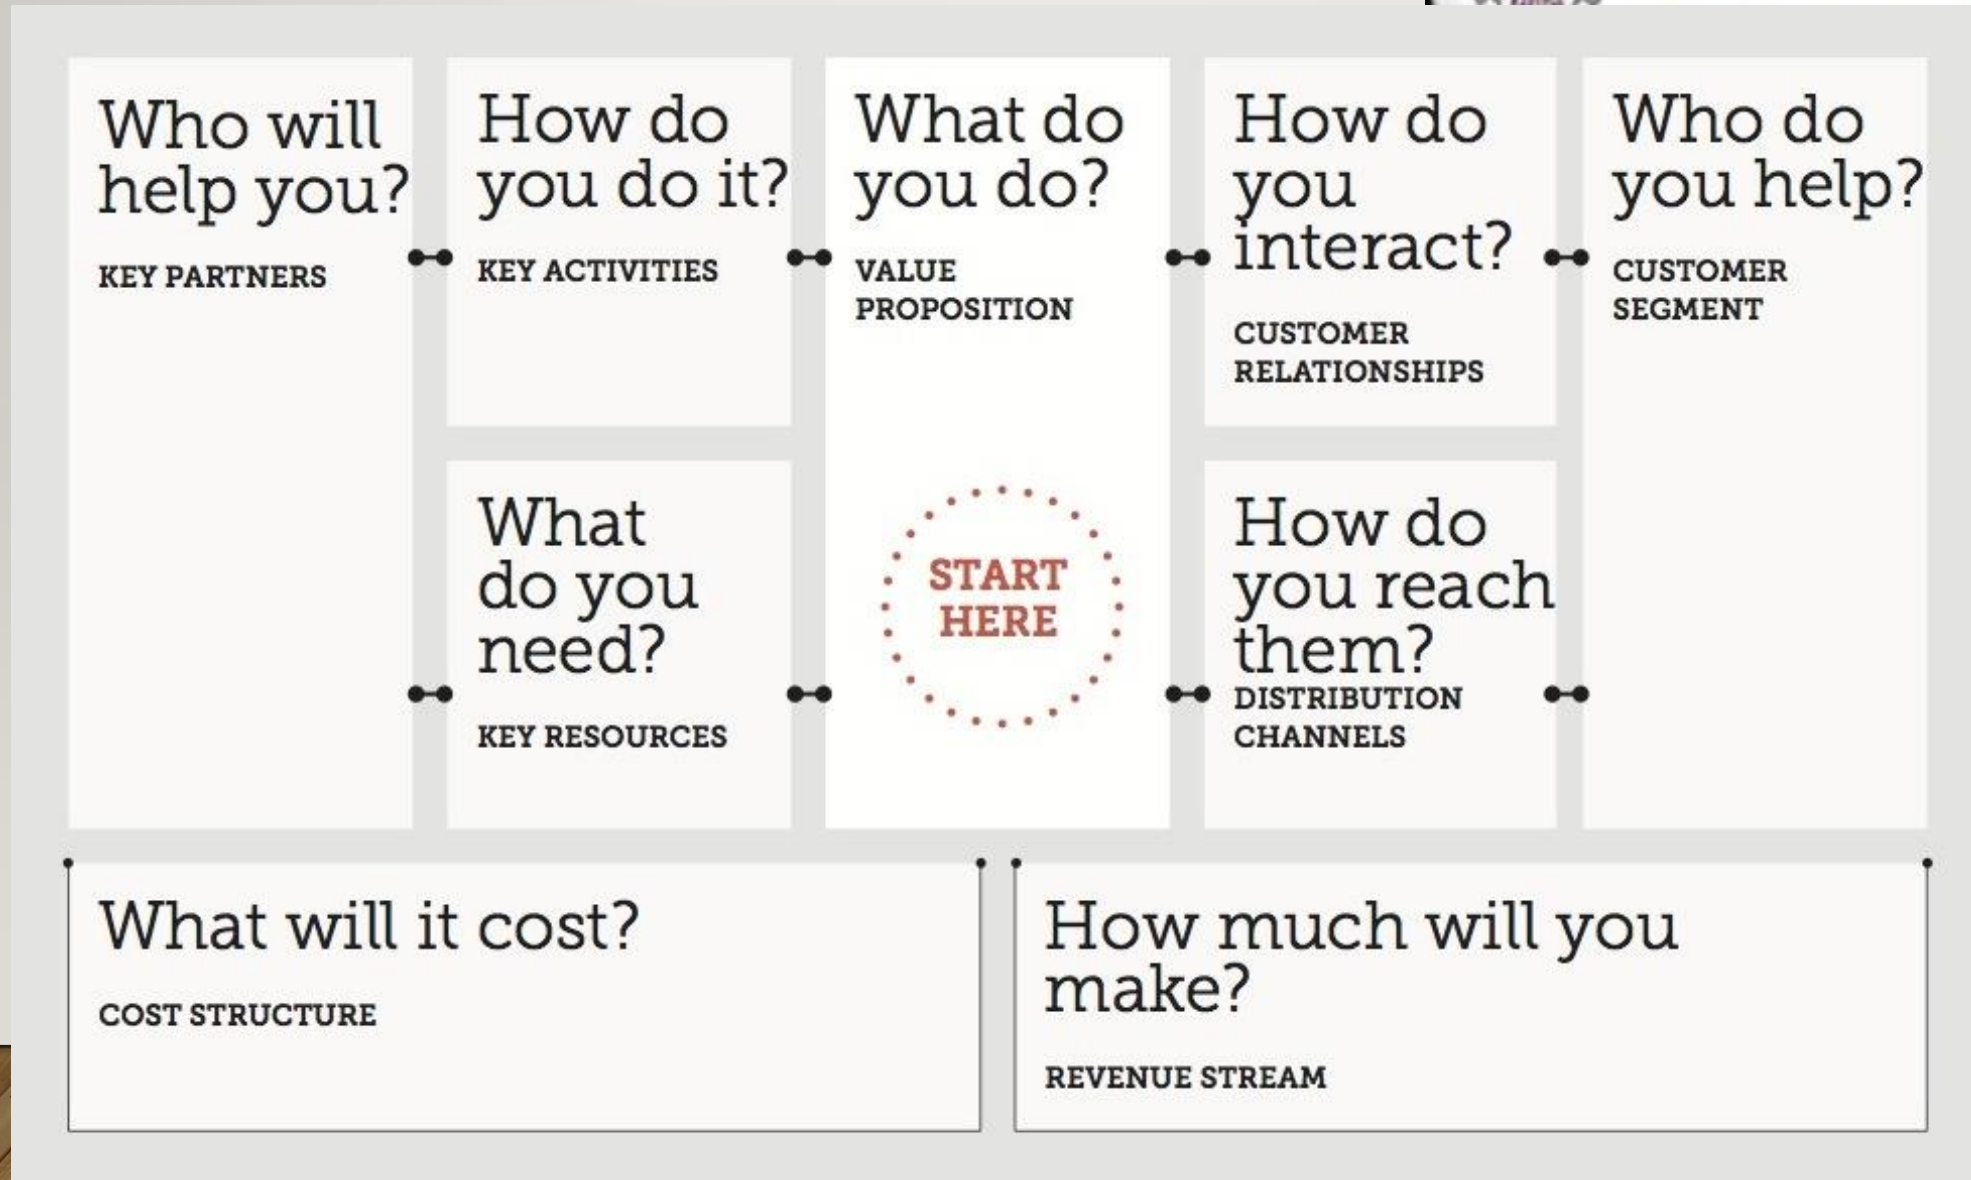

- Business models are used to describe and classify businesses.
- A method of doing business by which a company can generate revenue to sustain itself.
- The concept of e-business model is the same but used in the online presence.
- Business Model Canvas is one of the most used frameworks for describing the elements of business models.

BUSINESS MODEL CANVAS

- It is a visual chart with elements describing a business's:
 - Offering (Value Proposition)
 - Customers (Customer Segments, Channels, Customer Relationship)
 - Infrastructure (Key Activities, Key Resources, Key Partners)
 - Finances (Cost Structure, Revenue Stream)
